

Industrial Water Immersion Heaters

Industrial Water Immersion Heaters

HEATCO Industrial Water Immersion Heaters are made of nickel plated copper tubing brazed to brass flanges, and are provided with terminal covers for protection of terminals.

Applications : hot water baths, tanks, boilers, etc.

Type	Wattage	Voltage	Immersion length (mm)	No. of tubes	Flange (BSPP)
HC/1/9	1000	230	218	1	1¼
HC/2/9	2000	230	218	2	1¼
HC/3/11	3000	230	278	2	1¼
HC/3/9	3000	230/400	218	3	1½
HC/4/10	4000	230/400	258	3	2"
HC/5/13	5000	230/400	318	3	2"
HC/6/15	6000	230/400	378	3	2"
